

MySQL

/usr/local/mysql/bin/mysql -uroot -p

List of USERS

```
SELECT User FROM mysql.user;  
select User, Host from mysql.user;  
select User, Host, Password from mysql.user;
```

Create database voting;

- **CREATE USER 'mahesh'@'localhost' IDENTIFIED BY 'Mahi@1234';**

GRANT ALL PRIVILEGES ON *.* TO 'mahesh'@'%' identified by 'Mahi@1234';

```
SELECT * FROM mysql.user\G
```

Grant Permissions to user

```
GRANT ALL ON VOTING.* TO 'mahesh'@'localhost';
```

```
1. ALTER USER 'mahesh'@'localhost' IDENTIFIED BY 'Mahi@1234';  
SET PASSWORD FOR 'mahesh'@'localhost' = PASSWORD('Mahi@1234');
```
